

Delta Plan Development

Summary: Review and discuss the Executive Summary of the Fourth Staff Draft Delta Plan and receive an updated presentation on Draft EIR Alternatives.

Background

On June 16, 2011, the Council will discuss major policy issues related to the Delta Plan using the Draft Executive Summary of the Fourth Staff Draft Delta Plan (Attachment 1) as a basis. This will be followed by an updated presentation on Draft Environmental Impact Report (DEIR) alternatives for the Delta Plan (Attachment 2). This discussion follows on the presentation from the May 2011 Council meeting on the same topic.

A subsequent Council meeting is planned for June 23-24, 2011, to discuss the Fourth Staff Draft Delta Plan in detail. At this meeting, the Council will direct staff to revise this draft, as appropriate, (which will become the Fifth Staff Draft Delta Plan), and to circulate for a 45-day public review and comment period, a DEIR under CEQA studying the environmental impacts of the Fifth Staff Draft Delta Plan and a reasonable range of alternatives thereto.
